

# WE'RE RECRUITING!

participate in our research project

## What are we doing?

We want to understand more about **housing** and **support needs** for **pregnant people** in Southeastern WI. Pregnancy is a vulnerable time for parent and baby. Help us learn more about the pregnancy experience of Wisconsin residents. All participants' **privacy is protected**. Answers are **confidential** and will **not impact your care**.

Our goal is to use findings from this project to help create stronger housing supports for pregnant people.

## Who are "we"?

**OB-GYN providers** and **researchers** from the Medical College of Wisconsin partnered with Milwaukee-based organizations to design this research project to support pregnant people in our community.

## Are you eligible?

If you **are pregnant** or **have recently been pregnant**, you may qualify! Reach out to our team to learn if you can participate. If eligible, you will be asked to complete a **30-90 minute interview** over the phone, zoom or in-person.

## How will you benefit?

Participants will receive a **\$50 prepaid gift card** for their time and expertise. Participants also will have a safe space to share their pregnancy journeys in a way that contributes to meaningful change in your community.

Interested? Call 414-215-0782 to talk with our team!
